WHY ATTEND THE SEMINAR?

For professionals committed to development, the seminar offers practical ideas and opportunities to:

- **Develop your professional skills** to strengthen your organisation, help achieve government goals for raising a healthy generation, and support initiatives led by parents and children.
- **Renew your energy and motivation** and build the professional resilience you need to meet today's challenges.
- **Take the next step in your personal and professional development:** make key decisions, identify opportunities for growth and strengthen your competitive edge.
- **Build your team and develop future leaders** to achieve shared goals, support succession planning, grow your organisation and bring people together around a common purpose and values.
- **Make the most of time with colleagues:** learn, exchange experiences, make new connections, find inspiration and renew your enthusiasm for your work.

2027

The Year of Schoolchildren’s Health in the Education System

An initiative of the Ministry of Education of the Russian Federation

KEY TOPICS

Topics covered under the Ministry of Education of the Russian Federation’s initiative:

- Government policy on children’s recreation and health promotion.
- Research into childhood and practitioners’ perspectives.
- Contemporary childhood studies.
- Studying current challenges in children’s upbringing, development, health and experiences; a humane, child-centred approach.
- The quality of children’s recreation and how to assess its impact on personal and social development.
- The professional responsibilities of adults working with children.
- Leadership and teamwork, management capacity and succession planning.

SEMINAR THEME

“Professional Dialogues: Adults Who Shape Childhood — From Research to Solutions”

Professional Dialogues 72 –
We Are Together

Open Interregional Seminar
for Organisers of Children's Camps and Recreation Programmes

MISSION

To bring together professionals in children's recreation and health promotion to explore new ideas for professional and personal growth, help achieve government goals for raising a healthy generation, support community initiatives and develop their organisations — while building lasting capacity for development and teams committed to growth.

OUR APPROACH

Our work connects the individual, the professional and the team.

- **The individual** — an adult who shapes children's experiences. People are at the heart of this work: development serves them and is driven by them. Each person is a communicator, colleague and partner who shares a common outlook.
- **The professional** — a specialist who loves their work and helps it evolve, has up-to-date expertise, uses modern technologies and methods, leads by example, thinks strategically, upholds shared values and works effectively in a team.
- **The team** — professionals committed to growth who continually experiment, test ideas, seek new opportunities and turn them into practical improvements.

SEMINAR TRACKS

Three tracks, one shared approach

- **Management** (leaders, directors, deputy directors and managers).
- **Research** (curriculum specialists, senior educators, other specialists, mentors and programme developers).
- **Collaboration** (early-career specialists, educators and camp counsellors).

EXPECTED SEMINAR OUTCOMES

- A shared research agenda.
- A database of proven, effective practices.
- A step-by-step process for reviewing the educational quality of a camp session.
- A joint resolution from the professional community, setting out recommendations for executive and legislative authorities.

SEMINAR PROGRAMME

19–22 January 2027

- **Continuing professional development (CPD) courses** — a structured learning pathway for experienced and early-career professionals who sign up. Develop up-to-date knowledge and skills, explore emerging trends and adapt to changes in the sector.
- **Practical training** — a personalised learning pathway during the seminar to explore professional practice, broaden your perspective and support career progression. Areas include organising medical care and catering, supporting educational planning and practice, and providing additional services.
- **The “Professional Dialogues: A Professional Development System for Children’s Recreation Specialists” initiative** — a professional development programme for early-career specialists from across Russia taking part in this community-focused project run by the Interregional Public Organisation “Support for Children’s Recreation” (SDO).

Project registration

SEMINAR PROGRAMME

19–22 January 2027

- **Lectures** — live talks in which experts share insights, experience and inspiring ideas to apply in your work and personal development.
- **Learning sessions** — practical sessions on key topics with guest speakers, offering opportunities for productive discussion and the development of new ideas and projects.
- **Dialogues** — professional gatherings, engaging workshops, meetings and consultations, with lively discussions, an exchange of views and opportunities for participants to share their own practice.

STUDY VISIT PROGRAMME

21 January 2027

- **Expert exchange** — a study visit to residential camps and children’s recreation and health centres in the Tyumen Region. Explore how these organisations work and discuss a development issue, initiative, project or research topic in depth, or work together to address a complex management challenge. The programme also includes an expert review of a camp’s educational practice.

PARTICIPATING CENTRES AND CAMPS

- **Alye Parusa** — Children’s Health and Education Centre (autonomous non-profit organisation).
- **Ostrov Detstva** — Regional Children’s Health and Education Camp (autonomous non-profit organisation).
- **Regional Centre for Prevention and Rehabilitation** — a state autonomous institution of the Tyumen Region.
- **Rebyachya Respublika** — Regional Children’s Health and Education Centre (autonomous non-profit organisation).
- **Energetik** — a health and education centre offering sanatorium care (autonomous non-profit organisation).

SPORTS AND WELLNESS PROGRAMME

- Team sports, a gym, an ice rink and a cross-country ski trail.
- Relaxation lounge.
- On-site leisure facilities: a Russian bathhouse, spa, swimming pool and sauna.
- Physiotherapy treatments.
- A thermal spring.

CULTURAL AND EDUCATIONAL PROGRAMME

- Evening sightseeing tour of Tyumen.
- Educational resources and advice at the teaching resource centre.
- Legal advice.
- Leisure and creative activities, workshops and a discussion club.
- A shop and café offering educational publications, souvenirs, branded merchandise and gifts.
- Information on cultural events in Tyumen.
